Indian Navy's combat-readiness exercise “Tropex-21” is underway in these days. In which year exercise “Tropex” first organised?

भारतीय नौसेना का युद्ध-अभ्यास अभ्यास "ट्रॉपेक्स -21" इन दिनों चल रहा है। किस वर्ष व्यायाम "ट्रॉपेक्स" पहली बार आयोजित किया गया था?

- A. 2000**
- B. 2005**
- C. 2007**
- D. 2009**

Exercise that began early January will culminate in February third week.

The Navy's largest war game, the biennial Theatre Level Operational Readiness Exercise (TROPEX-21), with the participation of all its operational units as well as those of the Army, Air Force and the Coast Guard has completed the weapon work-up phase and the tactical scenario phase was under way, the Navy said on Wednesday.

“The weapon work-up phase of TROPEX, which concluded recently, witnessed multiple ‘on-target’ ordnance deliveries, including missiles, torpedoes and rockets from front line warships, aircraft and submarines and demonstrated the lethal firepower of the Navy and reaffirmed its capability to carry out long-range maritime strikes in the Indian Ocean Region (IOR), a capability that is central to meeting the operational challenges and ensuring safe seas and secure coasts,” a Navy statement said.

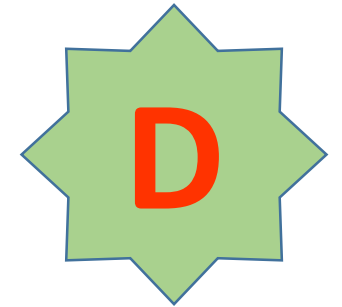

The exercise that began early January will culminate in February third week.

PANAJI: Members of the fishing community in Goa have reacted to the whopping Rs 400 crore earmarked for the state. While some have welcomed the generous fund, others are doubtful of benefiting from it.

Union fisheries minister Giriraj Singh, during his visit to Goa on Sunday, had announced the investment of Rs 400 crore to make the coastal state a

fisheries hub.

SSC CGL 2019 ASKED QUESTION

Baglihar Dam is constructed on which river?

बागलीहार बांध किस नदी पर बनाया गया है?

- (a) Chenab**
- (b) Ravi**
- (c) Sutlej**
- (d) Indus**

ANSWER:a

ABOUT BAGHLIHAR

Baglihar Dam is built on Chenab River in the Doda district of Jammu & Kashmir. The hydro power project 'Baglihar Hydroelectric Power Project', is a run-of-the-river power project on the Chenab River. This project was conceived in 1992, approved in 1996 and construction began in 1999. The main reason for this 450 (3 X 150 mw) MW project to be in news are the objections raised by Pakistan [1]. Pakistan claimed that, the dam is a gross violations of the Indus Water Treaty,. India reduced the water flow to fill up the Baglihar dam lake in Jammu and Kashmir, causing a loss of agriculture for farmers in Pakistan. India, on the other hand, has clarified that reduced flow in the Chenab river in Pakistan was a result of very little availability of water in a lean year [2]. The objection had lead to the project being referred to a World Bank appointed Neutral Expert. Pakistan feels that project violates the 1960 Indus Water Treaty (IWT) where as India says the project does not violate IWT [1]. Pakistan had raised four objections to the dam design in its case against the project. Swiss neutral expert, Raymond Lafitte has conceded three of its objections but upheld India s design to build spillway gates, which Pakistan vehemently objected [3] In June 2010, India and Pakistan resolved the issue relating to the initial filling of Baglihar dam deciding not to raise the matter further. The decision was arrived at the talks of Permanent Indus Commissioners meeting of the two countries[4].
