On the basis of an assessment of the current and evolving macroeconomic situation, the Monetary Policy Committee (MPC) at its meeting today (December 4, 2020) decided to:

- keep the policy repo rate under the liquidity adjustment facility (LAF) unchanged at 4.0 per cent.

Consequently, the reverse repo rate under the LAF remains unchanged at 3.35 per cent and the marginal standing facility (MSF) rate and the Bank Rate at 4.25 per cent.

- The MPC also decided to continue with the accommodative stance as long as necessary – at least during the current financial year and into the next financial year – to revive growth on a durable basis and mitigate the impact of COVID-19 on the economy, while ensuring that inflation remains within the target going forward.

These decisions are in consonance with the objective of achieving the medium-term target for consumer price index (CPI) inflation of 4 per cent within a band of +/- 2 per cent, while supporting growth.

The main considerations underlying the decision are set out in the statement below.

DPSS (CO) RTGS No.750/04.04.016/2020-21

December 04, 2020

The Chairman / Managing Director / Chief Executive Officer  
of member banks participating in RTGS

Madam / Dear Sir,

**24x7 Availability of Real Time Gross Settlement (RTGS) System**

A reference is invited to the [Statement on Developmental and Regulatory Policies dated October 09, 2020](#) wherein Reserve Bank of India (RBI) had announced making available the Real Time Gross Settlement (RTGS) system round the clock on all days. Accordingly, it has been decided to make RTGS available round the clock on all days of the year with effect from 00:30 hours on December 14, 2020.

2. Members are advised as under:

- i. RTGS shall be available for customer and inter-bank transactions round the clock, except for the interval between 'end-of-day' and 'start-of-day' processes, whose timings would be duly broadcasted through the RTGS system.
