Sabarimala all set for Makaravilakku festival

Only 5,000 devotees, against the annual average of 3 lakh, will be allowed to attend it this time

STAFF REPORTER

PATHANAMTHITTA

With only hours left for the Makaravilakku festival to begin at Sabarimala, all arrangements have been completed for its smooth conduct amid COVID-19 restrictions.

Purification rituals, including the Bimbasudhi, were performed at the temple under the leadership of Tantri Kandararu Rajeevaru. Thiruvabharanam, sacred ornaments of the presiding deity, will be brought to the

temple in a procession by Thursday evening, and this will be followed by Deeparadhana, sighting of the Makarajyothi, and the Makarsamkrama Puja.

As against the annual average of three lakh devotees, only 5,000 devotees will be permitted to the temple for the festival this time, said N.Vasu, Travancore Devaswom Board president.

A strict ban has been imposed on the stay of pilgrims and open cooking of food

across the region.

The temple and its premises have been brought under a thick blanket of security. Devaswom Minister Kadakampilly Surendran will be present at the Sannidhanam during the day.

According to Mr. Vasu, the Board has ensured adequate stock of temple offerings, including Appam and Aravana, for the devotees.

The facility for offering Neyyabhishekom will close on January 18.

Patient wait: Devotees standing in a queue to have darshan at the Sabarimala temple on Wednesday. • SPECIAL ARRANGEMENT

As part of the efforts to enhance community experience for women entrepreneurs in India, **Flipkart & NITI Aayog** have collaborated to launch the updated Women Entrepreneurship Platform (WEP). WEP is a first of its kind, unified access portal launched by NITI Aayog in 2017 to support Women Entrepreneurs.

i.The revamped platform has multiple regional language support, allows interaction with women, fellow women entrepreneurs and mentors and a Question and Answer Portal.

ii.The community on WEP platform will connect women entrepreneurs who seek clarification on GST, funding, effects of the pandemic & progression of already established businesses.

iii.Through the platform, mentorship is also being offered to women mentees through a dedicated online mechanism being provided by **FICCI-FLO's** under Empowering the Greater 50% campaign.

Women Entrepreneurship Platform (WEP):

i.Initiated by NITI Aayog's Chief Executive Officer (CEO), Amitabh Kant during the 8th Global Entrepreneurship Summit (GES) at Hyderabad, Telangana. It aims to provide **free credit ratings, mentorship, funding support to women entrepreneurs**, apprenticeship & corporate partnerships.

About Flipkart:

On January 11, 2021, Union Minister for Environment, Forest and Climate Change (MoEFCC), Prakash Javadekar released the 'Management Effectiveness Evaluation(MEE) of 146 National Parks & Wildlife Sanctuaries in India, 2018-19' report.

i.Great Himalayan NP & Tirthan WLS of Himachal Pradesh Scored high and topped among the National Parks(NP) & Wild Life Santuaries(WLS).

ii.MEE is a framework for **testing the effectiveness of Protected Areas** in India.

iii.The report has been prepared by MoEFCC with technical inputs from Wildlife Institute of India (**WII**).

iv.The report listed Top 5 National Parks (NPs) & Wildlife Sanctuaries (WLS) based on MEE score in India.

v.The results of present assessment are encouraging with overall mean MEE score of 62.01% which is higher than the global mean of 56%.

Top Ranked NPs & WLS:

NP & WLS	State	Score
Tirthan WLS	Himachal Pradesh	84.17
Great Himalayan NP	Himachal Pradesh	84.17
Sainj WLS	Himachal Pradesh	82.50
Raiganj WLS	West Bengal	81.03
Jaldapara NP	West Bengal	80.83

CCS approves 83 Tejas fighters for Air Force

₹47,000-crore deal a 'game-changer', says Rajnath Singh

DINAKAR PERI
NEW DELHI

In the biggest indigenous defence deal, the Cabinet Committee on Security (CCS) on Wednesday approved the manufacture of 83 Tejas light combat aircraft (LCA) by Hindustan Aeronautics Ltd. (HAL) for the Indian Air Force (IAF) at a cost of around ₹47,000 crore.

“The Cabinet met under the Chairmanship of Prime Minister in New Delhi on January 13 and has approved procurement of 73 LCA Tejas Mk-1A fighter aircraft and 10 LCA Tejas Mk-1 trainer aircraft at the cost of ₹45,696 crore along with design and development of infrastructure sanctions worth ₹1,202 crore,” the Defence Ministry said in a statement.

Defence Minister Rajnath Singh said on Twitter, “This deal would be a game changer for self reliance in the Indian defence manufacturing.” The indigenous content of the LCA-Tejas was 50% in the MK-1A variant and it would be enhanced to 60% by the end of the programme, he said.

40 modifications

The MK-1A would have over 40 modifications over the MK-1 variant, including some major ones like an electronic warfare system, advanced electronically scanned array

New heights: The MK-1A aircraft will have several modifications over the MK-1 variant. ■ FILE PHOTO

(AESA) radar, beyond visual range (BVR) missiles and a network warfare system comprising software defined radio (SDR), a defence official said. The modifications would be incorporated on the LCA concurrently along with the production once the deal is signed.

The Cabinet also approved infrastructure development by the IAF under the project to enable them to handle repairs or servicing at their base depot so that the turnaround time is reduced for mission critical systems, which would lead to increased availability of aircraft for operational exploitation, the statement said. “This would enable the IAF to sustain the fleet more efficiently and effectively due to availability of repair

infrastructure at respective bases,” it added.

The first LCA MK-1A is expected to roll out 2023-24 onwards, after which HAL plans to ramp up the production rate to 16 aircraft a year. While a second line had been set up, production on both lines has been kept at eight aircraft a year to keep the assembly running due to limited orders. “A third assembly line will also be ready by 2023-24 to further ramp up production,” the official said.

For the MK-1A, HAL is outsourcing significant work share to the private industry while it will act as a ‘system of systems integrator’. HAL has over 550 vendors for the LCA, which includes five companies manufacturing the structures.

11 cities get Covaxin shipments

Bharat Biotech despatches first batch of the vaccine by air from Hyderabad

SPECIAL CORRESPONDENT
HYDERABAD

Vaccine maker Bharat Biotech has started supplies of Covaxin, the indigenous COVID-19 vaccine candidate developed in collaboration with the Indian Council of Medical Research-National Institute of Virology (ICMR-NIV).

The first batch of vaccines was despatched by air from Hyderabad to 11 cities across the country in the early hours of Wednesday. This follows receipt of the government purchase order for 55 lakh doses, the company said.

Without sharing details of how many doses were part of the batch that was shipped, a company spokesperson said the entire purchase order would be executed within a few days. The government has placed the order at ₹295 a dose.

Donations too

The company would be donating 16.5 lakh doses to the government over and above the 55 lakh ordered, the spokesperson said.

Delhi, Bengaluru, Chennai, Lucknow, Pune, Bhubaneswar, Jaipur, Ganavaram, Guwahati, Patna and Kuruksheetra are the cities to which the first batch of vaccines (each vial containing 20 doses) were shipped. The company, in a media release, expressed deepest gratitude

First doses: Covaxin airlifted from Hyderabad on Wednesday. •BHARAT BIOTECH/TWITTER

to the country, clinical trial volunteers and its partners for making this a “successful and milestone public-private partnership for the development of India’s first COVID19- vaccine.”

Covaxin is an inactivated two-dose SARS-CoV-2 vaccine, developed and manufactured in the company’s BSL-3 (Bio-Safety Level 3) biocontainment facility, one of its kind in the world, the release said. Phase III clinical trials involving 26,000 volunteers have been on since November. Earlier this month, the Drugs Controller General of India had given emergency use authorisation for Covaxin.

Countdown begins for vaccination drive

SPECIAL CORRESPONDENT
NEW DELHI

The scheduled vaccination drive from January 16, a massive country-wide exercise, will use the principles of people’s participation (Jan Bhagidari) and utilise the experience of election (booth strategy) and the Universal Immunisation Programme (UIP), the Union Health Ministry said on Wednesday.

“There will be no compromise on the existing

healthcare services, especially national programmes and primary health care, and no compromise on scientific and regulatory norms,” it said.

The Ministry tweeted that the initial procurement of 1.65 crore doses had been allocated to the States and Union Territories in proportion to the healthcare worker database.

The supply would be continuously replenished, it added.

RBI forms working group on digital lending

Benefits and risks interwoven in such platforms, need regulation: central bank

SPECIAL CORRESPONDENT
MUMBAI

The Reserve Bank of India (RBI) has constituted a working group on digital lending – including online platforms and mobile apps – to study all aspects of digital lending activities in the regulated financial sector as well as by unregulated players.

This is to ensure that an appropriate regulatory approach is put in place.

“Digital lending has the potential to make access to financial products and services more fair, efficient and inclusive. From a peripheral supporting role a few years ago, FinTech-led innovation is now at the core of the design, pricing and delivery of financial products and services,” the RBI said in a noti-

fication. “While penetration of digital methods in the financial sector is a welcome development, the benefits and certain downside risks are often interwoven in such endeavours,” the RBI said.

“A balanced approach needs to be followed so that the regulatory framework supports innovation while ensuring data security, pri-

vacy, confidentiality and consumer protection,” banking regulator added.

The working group consists of both internal and external members. The internal members include Jayant Kumar Dash, Executive Director, RBI (Chairman); Ajay Kumar Choudhary, Chief General Manager in-charge, Department of Supervision, RBI; S.P. Vasudevan, Chief General Manager, Department of Payment and Settlement Systems, RBI; and Manoranjan Mishra, Chief General Manager, Department of Regulation, RBI (Member Secretary).

The external members are Vikram Mehta, co-founder, Monexo Fintech; and Rahul Sasi, cyber security expert and founder of CloudSEK.

The working group will evaluate digital lending activities and assess the penetration and standards of outsourced digital lending activities in RBI regulated entities; identify the risks posed by unregulated digital lending to financial stability, regulated entities and consumers; and suggest regulatory changes to promote orderly growth of digital lending.

It will also recommend measures for expansion of specific regulatory or statutory perimeter and suggest the role of various regulatory and government agencies. It will also recommend a robust fair practices code for digital lending players.

The group will submit its report within three months.

Japarov Sadyr Nurgojoevich was elected as the **president** of **Kyrgyzstan** after securing nearly 80% votes. He belongs to the 'Patriotic' Political Party.

About Japarov Sadyr Nurgojoevich:
