# No separate flag, constitution for Nagaland, says Governor

'National flag, Constitution are the pride of the people of India'

**PRESS TRUST OF INDIA  
KOHIMA**

Nagaland Governor R.N. Ravi on Monday made it clear that there would be no separate flag and constitution, amid persistent demand for these by the NSCN(I-M) to achieve a solution to the Naga political issue.

In his message to the people on the eve of 58th Statehood Day, Mr. Ravi, the interlocutor for the Naga peace process, said the essence of India is its unity in

diversity, on the demand for integration of Naga inhabited areas in other States, especially Assam, Manipur and Arunachal Pradesh.

"The Indian national flag and Constitution are the pride of the people of India. The Government of India is absolutely clear that there is and there shall be only one national flag and Constitution in India," he said.

Anyone talking anything contrary is peddling preposterous lies, Mr. Ravi said. "They are trying to confuse and mislead the people," he added.

"The territorial integrity and sovereignty of the Union of India are supreme. The Government of India has

never ever talked, much less negotiated with anyone on the territorial integrity and sovereignty of the country. Any misadventure to disintegrate this great nation shall not be tolerated," he asserted.

Maintaining that Nagaland currently stands at the crossroads of history, Mr. Ravi said the right decision taken will determine the future and the destiny of the coming generations.

With common understanding having been reached on all the issues and conclusion of talks on October 31, 2019, the people of Nagaland are anxiously waiting for the new dawn, he said.

# Solve vaccine firms' issues: PM

Modi holds virtual conference with heads of Gennova, Dr. Reddy's & Biological E

**SPECIAL CORRESPONDENT**  
NEW DELHI

Prime Minister Narendra Modi had a virtual conference with heads of three vaccine development and manufacturing companies: Gennova Biopharmaceuticals, Pune; Biological E Ltd and Dr. Reddy's Laboratories Ltd., Hyderabad.

Biological E got permission to begin human trials of its COVID-19 vaccine candidate in October. Gennova is scheduled to begin human trials of its proprietary mRNA vaccine – similar to those of Pfizer-BioNTech and Moderna – in December.

Dr. Reddy's has tied up with Russia's RDIF and Gamaleya to test the Sputnik V vaccine on Indian volunteers. If all steps go according to plan and pending regulatory approvals, these companies are expected to begin making millions of doses of vaccine by next year.

The RDIF claimed an "interim efficacy", via a press

release, of 91.4%, from its ongoing Phase 3 trials. Human trials are also scheduled in India with Dr. Reddy's, under a previous agreement between the companies. The RDIF said it planned to start producing 100 million doses of the vaccine in the beginning of 2021 in partnership with Hetero Pharma.

"The PM advised all the departments concerned to engage with the manufactur-

ers and seek to resolve matters so that the efforts by these companies bear fruit in order to serve the needs of the country and the entire world," said a statement from the Press Information Bureau on Monday.

## 'Remarks reassuring'

During his interaction, Mr. Modi discussed how the pandemic has placed "extraordinary demands" on the

pharmaceutical industry. "He was briefed about our efforts in combating COVID-19 ranging across all stages of the disease from prevention to critical stages of the disease, including the advancements about Sputnik V vaccine clinical trials, and the collaborative work with the regulatory bodies and hospitals in India," Dr. Reddy's said in a statement, "We are honoured and feel appreciated by the honourable Prime Minister's reassuring remarks."

A spokesperson for Biological E said the company did not have any comment on Mr. Modi's interaction. Bio E, Dynavax Technology Corporation, a U.S.-based vaccine and biopharmaceutical corporation, and Baylor College of Medicine, a health sciences university in Houston, have initiated Phase 1/2 trials last month in India of their candidate vaccine. However, the details of the vaccine construct or platform technology is not yet known.

**SPECIAL CORRESPONDENT**  
NEW DELHI

A virtual exhibition on the shared Buddhist heritage of the Shanghai Cooperation Organisation (SCO) countries was launched by Vice-President M. Venkaiah Naidu during the meeting of the SCO Council of Heads of Government meeting held via video-conference on Monday.

In a statement, the Culture Ministry said the exhibition, which is curated by the National Museum, Delhi, can be accessed at [nmvirtual.in](http://nmvirtual.in). "Buddhist philosophy and art of Central Asia connects SCO countries to each other. This presents an excellent

opportunity for visitors to appreciate and compare Buddhist art antiquities from SCO countries on a single platform and from the comfort of their home. Such a transnational exhibition also has potential to connect, heal and rejuvenate communities in current pandemic times," the Ministry said.

The exhibition includes Buddhist treasures from India, including from the Gandhara and Mathura schools, Nalanda and Sarnath, in 3D format. Objects depicting the life of Gautam Buddha from Karachi, Lahore, Taxila, Islamabad, Swat and Peshawar museums are also included.

# Effective information sharing crucial, says FATF

400 experts from public and private sector share findings from money-laundering cases

**SPECIAL CORRESPONDENT**  
NEW DELHI

The Financial Action Task Force (FATF) has apprised about 400 experts from both the public and private sectors of the latest risk findings related to money laundering and terror funding.

During its annual joint experts' meet, attended by participants from various government agencies all over the world and international bodies such as the United Nations, the International Monetary Fund, the World Bank and Interpol, the FATF also informed them about solutions and its ongoing pro-

 Participants noted the important role of export companies, refiners, logistics and other non-traditional sectors in detecting anomalies and illicit financial flows from crimes

FINANCIAL ACTION TASK FORCE

jects. "The FATF attaches great importance to effective information sharing, which is one of the cornerstones of a well-functioning AML/CFT [Anti-Money Laundering/Combating the Financing of Terrorism] framework," said the FATF in a statement.

Ensuring that countries

had strong tools to fight money laundering, terrorist financing or the financing of proliferation required an in-depth understanding of the evolving risks and the latest detection, investigation and prosecution techniques, it said.

During the four-day meet-

ing, the experts deliberated on, and proposed, various priority projects.

They also exchanged ideas on issues such as financing of ethnically or radically motivated terrorism, their transnational links, environmental crime, illegal arms trafficking and terror financing, and digital transformation.

## Terror funding

"Experts shared their experience and findings from money laundering cases linked to illegal logging and land clearance, mining related crimes and waste trafficking.

Participants noted the important role of export companies, refiners, logistics and other non-traditional sectors in detecting anomalies and illicit financial flows from these crimes," said the FATF.

The experts presented the international legal framework on preventing access of terrorists to arms and provisions covering illegal arms trafficking.

"Participants also focused on the linkages between illicit arms trafficking and terrorist financing and the need for national risk assessments to address these risks," it said.

# India to surpass 350 mn 5G connections by 2026'

First connection likely in 2021: report

**SPECIAL CORRESPONDENT**  
NEW DELHI

India, which has the highest average monthly mobile data traffic per smartphone, is expected to surpass 350 million 5G subscriptions by 2026, accounting for 27% of all mobile subscriptions in the country, according to a report by Swedish telecom equipment maker Ericsson.

As per the 'The Ericsson Mobility Report 2020,' four out of every ten mobile subscriptions in 2026 will be 5G globally with 5G subscriptions forecast to reach 3.5 billion. "In the India region, LTE (long-term evolution technology) subscriptions are forecast to increase from

710 million in 2020 to 820 million in 2026" by which time 3G will be phased out.

Based on the reported timeline for spectrum auction for 5G services, India could have its first 5G connection in 2021, according to Nitin Bansal, head of network solutions for the market area south east Asia, oceania and India, Ericsson.

The report added that in India, the reliance of people on mobile networks to stay connected as well as work from home during the pandemic has resulted in average traffic per smartphone user rising from 13.5 GB a month in 2019 to 15.7 GB in 2020, the highest globally.

Nagaland is all set to celebrate its 58th statehood day on Tuesday and mark the beginning of its popular Hornbill Festival with strict adherence to the COVID-19 safety norms, officials said. The statehood day celebrations will be a low-key affair, while the inauguration of the 10-day festival will be held virtually for the first time, amid the surge in coronavirus cases, they said. "The main programme of the statehood day celebrations will be held with limited invitees at the Secretariat Plaza where Chief Minister Neiphiu Rio will be present," the officials said. Raj Bhavan will also remember the sacrifice and struggle of the founding fathers who conceptualised the idea of Naga nationalism and sovereignty, they said.

On December 1, 1963, Dr S Radhakrishnan, then President of India, declared Nagaland as the 16th State of the Indian Union. However, the Eastern Naga Students' Federation (ENSF) has called for a boycott of the statehood day events, demanding reservation of six tribes and reforms in the Nagaland Service Selection Board among others. The Nagaland government is taking its 21st edition of the Hornbill Festival to a virtual platform as the various programmes will be telecast on three audio-visual news channels and social media.

The Hornbill Festival, held from December 1 to 10, showcases the culture, heritage, food and customs of Naga tribes at Kisama village near here. Sixteen tribal communities come together to celebrate their traditions with colourful dance performances.
