CLOZE TEST
PART-5

CLASS 80

Direction

In the following passage there are blanks each of which has been numbered as well as filled with a word which may be appropriate in context of the passage or maybe not. If the word highlighted is incorrect and needs improvement then choose any one option suggested given below. But if the given word is correct and requires no change then mark (5) i.e. no change required as your answer.

Even as municipalities **dodge(1)** with the problem of growing mounds of waste, electronic waste (e-waste) is fast emerging as a big challenge. In initial efforts to address this, Guide Foundation for Development, Hyderabad, has joined hands with Clean E-India, to try and implement safe collection and **trading(2)** methods. Clean E-India initiative was jointly launched in April 2013 by IFC, a member of the World Bank Group, and Attero, an asset management and recycling company to collect and responsibly recycle electronic waste through an approach that integrates informal waste collectors (kabadiwallahs) into anorganised network.

Q.1

- (1)engage **(2)grapple** (3)immune (4)seize
 (5)NCR

Even as municipalities **dodge(1)** with the problem of growing mounds of waste, electronic waste (e-waste) is fast emerging as a big challenge. They are in the process of developing an online tracking system to measure e-waste flows in the formal sector. They have also appointed six franchisees in the city and are setting up collection centres at pre-identified schools and resident welfare associations. The workers will be provided safety gears and would be **qualify(5)** to work.

Hyderabad is yet to create an efficient and organised mechanism for responsible e-waste collection and disposal. The partnership with GFFD will help drive the initiative forward. Attero is an electronics asset management company and has the capability to extract pure metals from end of life products.

Q.5

- (1)complete (2)incapable **(3)trained** (4)followed
