Mauna Kea is in which country/countries?  
मौना केआ किस देश/देश में है?

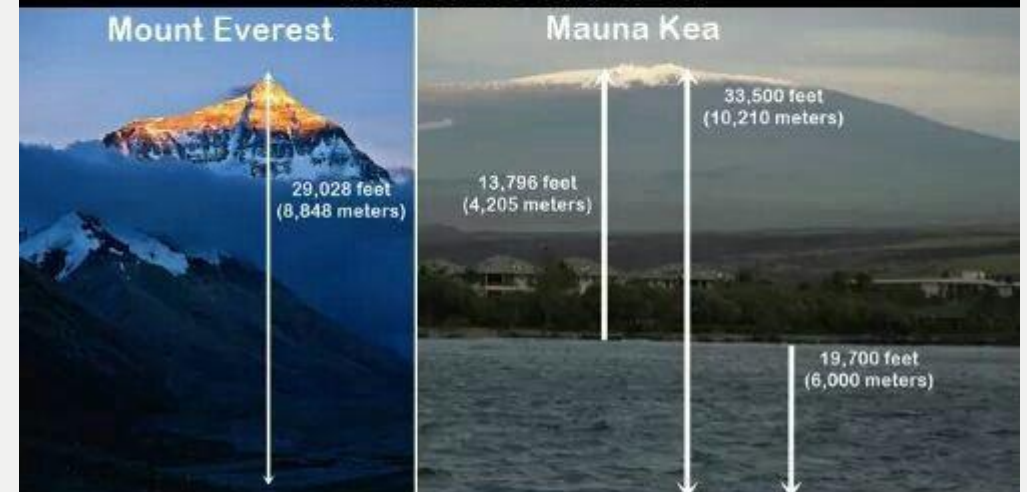

- A. United States
- B. Japan
- C. Philippines
- D. Indonesia

- Hawaii Island - dormant volcano - the tallest mountain in the world when measured from undersea base with a total height of 10,203m (33,476 ft).

## did you know?

Mount Everest is not the world's tallest mountain. Hawaii's Mauna Kea is actually taller from base to summit, but it often doesn't get the credit because over half of it is submerged below sea level.
