

The Energy Conservation Day is organized on 14th December each year by Bureau of Energy Efficiency (BEE), under Ministry of Power, with an aim to demonstrate India's achievements in energy efficiency and conservation, while working for its ambition of holistic development as part of the nation's overall effort towards climate change mitigation. As part of its awareness outreach, BEE recognizes and encourages endeavors of industries in reducing energy consumption by felicitating them with National Energy Conservation Awards. BEE also awards prizes to the national winners of the annual National Painting Competition on Energy Conservation.

The President of India gave away National Energy Conservation Awards to industries that have demonstrated measurable reductions in their energy use as part of the National Energy Conservation Awards Programme. During the event, a short film on the Energy Efficiency achievements in the Industry Sector was also shown. This year, over 1.22 crore children, between 4th and 9th standards from across India, participated in the National Painting Competition and 322 industrial units and establishments from key sectors participated in the National Energy Conservation Awards 2017.

The Government is committed towards sustainable growth of the economy, for which, achieving the target of 24x7 Power for All is imperative. Such a tall target can only be achieved by the cooperation of every individual in the society and not only the Government. Industry to hold hands with Government to set up Energy Banks, to meet increasing Energy demand in the country in the near future.
